

The dollar coin.

By: Austin Davis.

the dollar coin is one of the first things oh fun fact it was made in 1862 and its made with paper and how many dollars it is and the U.S dollar dollar bank note is a transition from the U.S dollar bill is the dollar was one of the first things that was made in 1862 and the last person on the dollar bill was abraham linkon and he did not smile and he did not show his teeth abraham linkon was ether president of the U.S or canada and he was one hundred to on dollar the dollar bill was made to replace the dollar bill the dollar bill was one of the first things that was made in 1862 and the there were also cars like cars without the roof so they could die so easily by assassins so the seat beside so they say shotgun and they can site beside the driver and they'd have a gun to protect the driver they can drive in peace and not get shot so yeah thats all of
